

July 2021

Dear St Mary's and All Saints,

Thank you so much for your donation to NICHE International.

Understanding that the usual fund raising wouldn't happen this year, it was a great surprise to receive your donation, and a very welcome one. Special thanks to those who run the plant and book stalls!

Of course, the charity's activities have been affected also – no one has been able to travel to Cameroon or Liberia. Both countries face increasing numbers of cases, very limited vaccinations, and shortage of oxygen.

We have plans to offer more training courses in new born care as soon as it becomes possible. Meanwhile we can offer some online support to our local partners, and are delighted that those who have been trained as trainers in Cameroon, have managed to run some of their own courses.

Grateful thanks from all of us at NICHE International.
